Thirty years in business has grown to designing & manufacturing luggage, backpacks, child carriers, briefcases, tote bags, computer bags, guitar bags, drum bags, cymbal bags, waistpacks, and other bag products. We are known far & wide for the excellent service - good design, durable materials & production - that our products give. We frequently work with associations such as schools to customize products for the associations' give-aways (such as durable convention bags), members' & administration's own use, or re-sale. In addition to the excellence of our product, many customers are pleased that we have continued to manufacture in the USA.
